COCONUT SHELL CHARCOAL

Eco-Friendly, High-Heat, Long-Lasting Energy

Coconut Shell Charcoal Briquettes

Product Overview

Manufactured from 100% natural, sustainable coconut shells, our charcoal briquettes are the gold standard for Shisha/Hookah and BBQ applications. Carbonized at high temperatures to ensure zero odor, zero sparks, and minimal ash. Our briquettes burn hotter and longer than traditional wood charcoal.

Technical Specifications

HS Code	4402.90.10
Fixed Carbon	> 75% - 80%
Ash Content	< 2.5% (White/Grey Ash)
Moisture	< 5%
Burning Time	2.0 - 2.5 Hours (Consistent Heat)
